26th ICPR - Taichung, Taiwan
Pandemic-Impacted and Intelligence-Transformed Production
Celebrating the 60th anniversary of the
International Journal of Production Research

Under the serious pandemic impact today we still keep our faith toward the future of production, because human's life relies on the supply of production in any kind of format. As issues of production do not fade even under the pandemic impact, the International Conference on Production Research (ICPR) will still *be held with your physical or virtual participation*.

The ICPR is regarded worldwide as one of the leading conferences promoting research in the field of production research and industrial engineering. We invite you to contribute your research of production in this important conference.

We invite you to submit Abstracts

Submissions Continue - Deadline January 4, 2021

Abstracts are submitted online within one of the conference tracks and topics. To view a complete list and instructions on submitting your abstract, visit the conference website at icpr26.thu.edu.tw
